

Rule of Nines

Rule of Palm

Patient's palm (including fingers)
= 1% body surface area

Introducing the Grossman Burn and Wound Alliance, a service at Mission Community Hospital

We now offer 24-hour Emergency Burn Care and Surgical Services for Burns and related wounds affecting up to 20% of the body's surface area. Services are for patients aged 18 and older.

When to refer:

When assessing the need for a burn consultation or referral to Mission Community Hospital the following guidelines are recommended:

- **Total Body Surface Area (TBSA) <20%.**
- **Burns involving the face, hands, feet, or genitalia.**
