

Burn Safety and Education

The Grossman Burn Center

As experts in the field of burn injuries, The Grossman Burn Center offers **FREE** safety and education courses for employers, providers and community members.

Workplace

FREE workplace education for your employees. This education covers workplace safety, burn first aid, criteria for referral to a burn center and health directives development.

1 - 2 hour training with materials

Provider

FREE CEU/CME and ABLIS certification training to all levels of care:

FIRE/EMS
NURSES
DOCTORS
CASE MANAGERS

1-2 hour provider-provider training

Community

FREE education and presentations for community centers, events, schools, and health and safety fairs. We cover topics in burn first aid, home safety, and safety for children and the elderly.

Presentations vary based on need

For more information or to schedule a safety and education course, contact our Program Coordinator at (816) 276-4885.
