

World-renowned treatment for burns

Right here in Bakersfield

Memorial Hospital is now home to the Grossman Burn Center, renowned for its pioneering techniques that help burn survivors recover faster.

The center includes a 7-bed inpatient burn unit, catastrophic burn care, pediatric intensive care burn services, hyperbaric oxygen therapy, and a dedicated operating suite, in addition to an ambulatory clinic.

Making this level of care available in Bakersfield means that fewer burn survivors will have to travel out of the area to receive treatment.

The comprehensive center at Memorial Hospital offers:

- Acute care
- Reconstruction
- Rehabilitation
- Psychological support
